Dirty Little Secret

"_Ack!" _Maybelle cried out in alarm as Corny grabbed her, pulling her into his dressing room and snapping the door shut. _"Oh, you're gonna pay for that," _she said playfully as she kissed him.

"_Really?" _He raised his eyebrows and grinned excitedly. She gave him a shove toward the big armchair in the corner.

"_Oh, you better believe it," _she pushed him into the chair before straddling him. She planted another kiss on his sweet honey lips as she worked at his belt buckle and fly. Corny's breathing grew heavy with anticipation as he reached behind Maybelle's back and unzipped her dress. As the garment fell from her shoulders, Maybelle smirked at her lover. She shook her shoulders, causing the flesh of her breasts to ripple seductively. Corny kissed the bronze orbs as Maybelle took him inside her.

Quickly and quietly they performed their deed. In between grunts of satisfaction they giggled like two naughty children with their hands in the cookie jar. When Corny let out an involuntary moan, Maybelle put her hand over his mouth and gave him a _"sshhh."_ At that very moment, they groaned in simultaneous release.

Maybelle dropped her forehead to Corny's shoulder and giggled heartily. She stood, and Corny zipped himself before zipping her dress. He opened the door, peeking out into the hallway. When he was sure that the coast was clear, they scampered out. Smoothing their clothes and smirking, they made their way down the hall.
